

Policy on Partial Completion of Course

If for any reason other than illness, a participant is not able to join or complete the program, they will be automatically transferred to complete the program with the next cohort with the revised fee of the new cohort (if applicable).

Not completing the program is defined as having less than 75% attendance during the program.

Vedadrama does not have a policy of certifying participants with partial credits.

All cases of transfer to other cohorts shall be reviewed and approved by the Chief Executive Officer of Vedadrama.
